The Fund will distribute any income and capital gains annually in December such that it is not liable for income tax under the Income Tax Act (Canada). Also, you will usually pay income tax on any increase in the value of your investment when you redeem your investment. You must calculate the amount of your gains.

Who is this Fund for?

Investors who:

- Seek dividend income and the possibility for capital appreciation*;
- Have medium risk tolerance;
- Plan to invest over the medium to long term.

Before you invest in any fund, you should consider how it would work with your other investments and your tolerance for risk, or consult your advisor.

*Distributions on this series may include a return of capital, which can erode the value of your investment.
